

## Better Golf from Better Learning.

Our players find they enjoy their golf better because they understand their golf better. Our players find that they hit it further and straighter because they have learned how to swing better.

Learning better golf is what we are all about, so that playing better golf is what you'll be all about. You will learn and play better than you ever have.

## Learn From Tee to Green.

You'll be involved in group discussions, attend insightful presentations, and learn from demonstrations, with each followed by sessions for hands-on learning.

Your curriculum is comprehensive. Instruction includes putting, chipping, approach shots and full swing. In addition to bringing a

better swing to each shot, you'll learn to bring fewer but better thoughts to each shot. A better swing, with better thoughts, means better golf. See our Training Philosophy.

## A Sound Learning Experience.

Each hour's lessons build on the preceding lesson so players feel a momentum in their learning. Your golf becomes more understandable and simpler to play.

With class size limited to four players, each player receives individual coaching and support. View our daily agenda.
